Date:

5) Submittal Requirements

Each submittal shall consist of the following materials. Please note that ALL digital files MUST be in PDF format with a minimum 300dpi resolution.

- One (1) full set of building plans (**Hard Copy Only**)
- 11 x 17 Property site plan (**Digital Only**)
- Completed Submittal Checklist (**Digital Only**)
- Detailed landscaping plan (**Digital Only**)
- Grading and erosion control plan (**Digital Only**)
- Set of elevation drawings (**Digital Only**)
- Plat of survey (**Digital Only**)
- Set of color renderings (**Digital**) – optional if elevations in color
- Completed BSO Application

6) Submittal Checklists (completion required for application)

A. Written Description of the intended use describing in reasonable detail the:

N/A
Included

Full name and contact information of the petitioner and / or agent, and property owner, if different;

Full name and contact information of petitioner's engineers / surveyors / architects, and other design professionals used in BSO Plan preparation;

Existing zoning district(s) and proposed zoning district(s) if different;

Current land uses present on the subject property;

Proposed land uses for the subject property;

Land use designation(s) as depicted on the adopted Comprehensive Plan;

Projected number of residents, employees, and / or daily customers;

Description of existing environmental features;

Proposed amount of dwelling units, floor area, Open Space area, and landscape surface area, expressed in square feet and acreage to the nearest one-hundredth of an acre;

Resulting site density, Floor Area Ratio as calculated using the criteria established in Sec 135 - 8, Open Space Ratio, and Landscape Surface Area Ratio, as defined by Sec 135 - 8;

Operational considerations relating to hours of operation, projected normal and peak water usage, sanitary sewer or septic loadings;

Operational considerations relating to potential nuisance creation pertaining to the appropriate design of street access, traffic visibility, parking, loading, exterior storage, exterior lighting, vibration, noise, air pollution, odor, electromagnetic radiation, glare and heat, fire and explosion, toxic or noxious materials, waste materials, drainage, and hazardous materials;

Traffic generation;

Any other information pertinent to adequate understanding by the Zoning and Planning Commission of the intended use and its relation to nearby properties;

Possible future expansion and related implications, and;

Material Safety Data Sheets (MSDS) for all materials anticipated to be used or stored on site; Exterior building and fencing materials;

B. Property Site Plan drawing which includes:

A title block which provides all contact information for the petitioner and / or agent, and property owner if different;

Full name and contact information of petitioner's engineers / surveyors / architects, and other design professionals used in BSO Plan preparation;

The date of the original plan and the latest date of revision to the plan;

A north arrow and a graphic scale;

All property lines and existing and proposed right-of-way lines with bearings and dimensions clearly labeled;

All existing and proposed easement lines and dimensions with a key provided and explained on the margins of the plan as to ownership and purpose;

All required building setback and offset lines, including dimensions from structures to property lines;

All existing and proposed buildings, accessory structures, and paved areas, including building entrances, walks, drives, decks, patios, fences, walls;

All existing and proposed utility and drainage systems, connections, and fixtures;

The location and dimension of all access points onto public streets including cross-section drawings of the entry throat;

The location, type, height, size and lighting of all signage on the subject property;

The location of all outdoor storage and refuse disposal areas and the design of all screening devices;

The location and dimension of all loading and service areas on the subject property and labels indicating the dimension of such areas;

The location and dimension of all on-site parking (and off-site parking provisions if they are to be employed), including a summary of the number of parking stalls provided versus required by Sec 135 - 124;

The location, height, design/type, illumination power and orientation of all exterior lighting on the subject property -- including the clear demonstration of compliance with a limit of 0.5 foot candles at all property lines;

The location and type of any permanently protected green space areas;

The location and delineation of all wetlands, escarpments, uplands, or other unique environmental features;

The location of existing and proposed drainage facilities;

In the legend, data for the subject property:

- a) Lot Area measured in square feet and acres to the nearest one-hundredth of an acre;
- b) Floor Area measured in square feet using the criteria in Sec 135 - 8;
- c) Open Space Area as defined in Sec 135 - 8 and as calculated using the criteria of Sec 135 - 5 of the Zoning Code;
- d) Building Height as defined in Sec 135 - 8 and as calculated using the criteria of Sec 135 - 8 of the Zoning Code

C. Detailed Landscaping Plan of the subject property that **uses the site plan as a base:**

The name and address of the property owner, the landscape architect or designer who prepared the plan.

The plan preparation date and the date of any revision thereto.

The location, caliper (size), and common name of all existing deciduous trees six (6) inches or larger in diameter at breast height (d.b.h.), all existing coniferous trees ten feet or greater in height, and the boundaries of any existing woodlands.

Identification of all trees inventoried which are proposed to be moved or removed.

The location of all proposed plantings.

A planting schedule showing all symbols intended to represent plantings, quantities of plant materials, and common and botanical names of plant materials, size and caliper of plant materials, root specifications, and special planting instructions.

Typical Sections and details of fences, tie walls, planting boxes, retaining walls, berms, and other landscape improvements.

Typical Sections of landscape islands and planter beds identifying materials to be used.

Details of planting beds and foundation plantings.

Delineation of sodded areas, seeded areas, and wilderness areas indicating square footage materials to be used, and seed mixtures.

Where landscape or man-made materials are used to provide required screening or buffers from adjacent properties or public rights-of-way, a cross-section shall be provided drawn to a recognized engineering or architectural scale illustrating the prospective of the site from the neighboring property and property line elevation.

D. A Grading and Erosion Control Plan

Control plan to be approved by the Building Inspector / Town Engineer in accordance with Chapter 36 of the Municipal Code. Said plans are not subject to Zoning and Plan Commission review but are required to be submitted concurrent with BSO Plan applications in order for submittal to be complete.

E. Elevation Drawings

Drawings of proposed buildings or proposed remodeling of existing buildings showing finished exterior treatment, with adequate labels provided to clearly depict exterior materials, texture, color and overall appearance.

F. Color Renderings and / or Perspective Renderings (Optional)

Color renderings of the proposed project and/or photos of similar structures may be submitted to better illustrate certain design features. The Zoning and Planning Commission reserves the right to require perspective renderings, but not in lieu of adequate drawings showing the actual intended appearance of the buildings.
